**Hinweis:** Bei schwergängiger Magnetwand bitte die 4 seitlichen Schrauben 1 Umdrehung lösen und die Magnetwand an die gewünschte Stelle schieben. Die Schrauben danach wieder handfest anziehen.

**Note:** If the magnetic board is difficult to move, please loosen the 4 lateral screws 1 turn and slide the magnetic board to the desired position. Then hand-tighten the screws again.

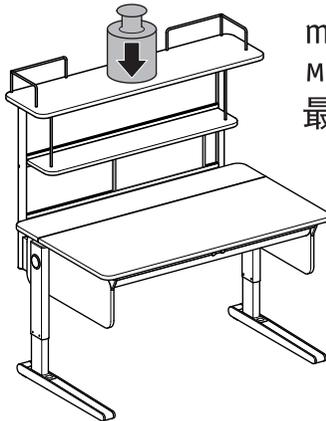

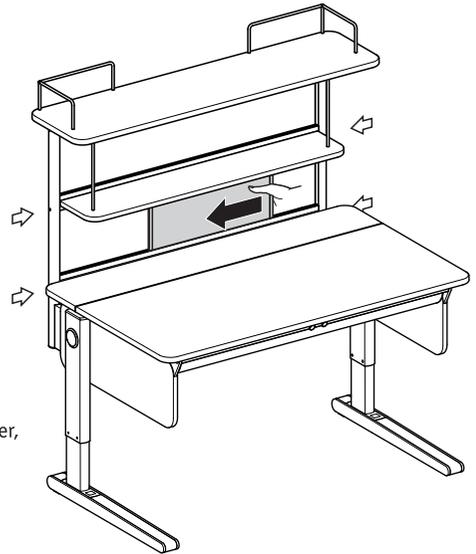

**Note:** Si le tableau magnétique est difficile à déplacer, veuillez desserrer les 4 vis latérales 1 tour et faites glisser le tableau magnétique dans la position souhaitée. Puis resserrez les vis à la main.

**Nota:** Se la scheda magnetica è difficile da spostare, si prega di allentare le 4 viti laterali 1 giro e far scorrere la scheda magnetica nella posizione desiderata. Quindi stringere le viti a mano di nuovo.

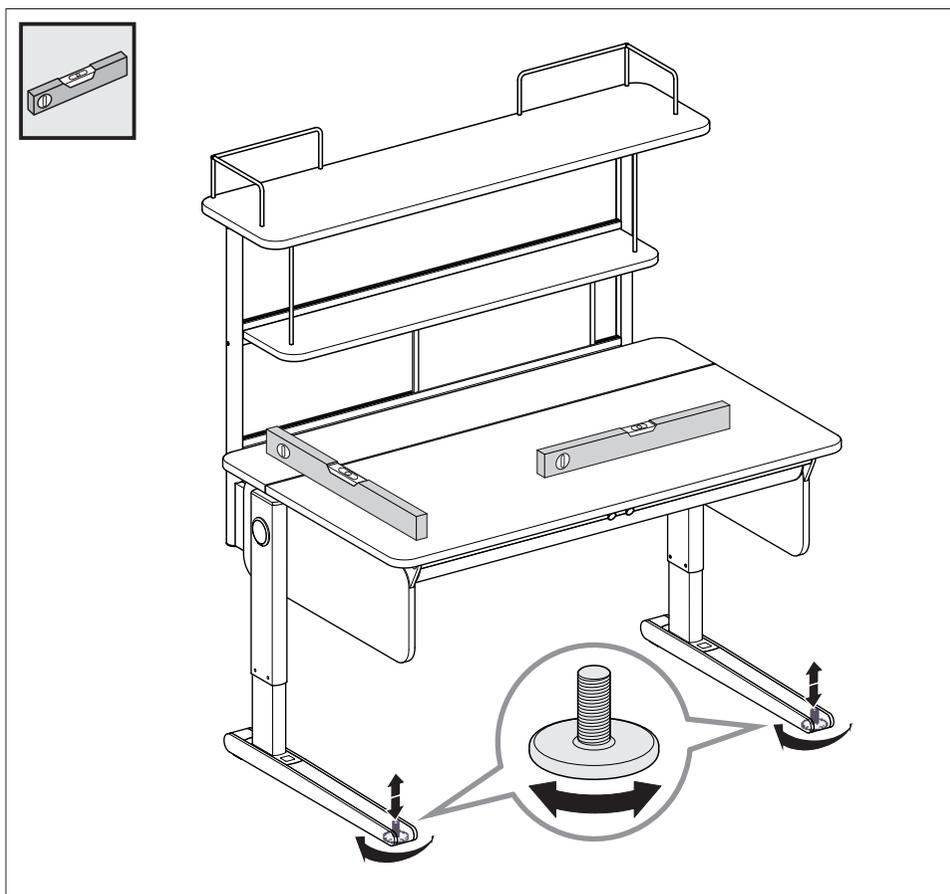

**Nota:** Si la pizarra magnética es difícil de mover, por favor aflojar los 4 tornillos laterales 1 vuelta y deslizar la pizarra magnética a la posición deseada. Luego apriete los tornillos a mano de nuevo.

**Примечание:** Если магнитная доска трудно двигается, пожалуйста. Ослабить 4 боковых винта на 1 оборот и сдвиньте магнитную доску в нужное положение. Затем снова затяните винты вручную.

**注:** 如果磁性板难以移动, 请松开4个侧边螺丝1圈并将磁性板滑到所需位置。然后用手再次拧紧螺丝。

max. 12 kg  
макс. 12 кг  
最大12公斤

**D** Mit Hilfe der Verstell-Teller muss der Tisch waagrecht ausgerichtet werden. Dadurch wird die beste Standsicherheit erreicht, insbesondere wenn Additions (z.B. Flex Deck) angebaut werden.

**GB** The desk must be adjusted horizontally with the help of the adjuster plates. This will achieve optimum stability especially when additions such as the Flex Deck are fitted.

**F** La table doit être alignée horizontalement à l'aide du disque de réglage. La meilleure stabilité possible est ainsi atteinte, notamment en cas de montage d'éléments supplémentaires (par ex. le Flex Deck).

**I** Orientare la scrivania in orizzontale tramite le rotelle di regolazione. In questo modo si ottiene la migliore stabilità possibile, soprattutto se vengono aggiunti i supplementi (ad es. Flex Deck).

**E** Con ayuda de los discos regulables se debe nivelar horizontalmente el escritorio. De este modo se logra una mejor estabilidad, especialmente si se han de montar suplementos (p. ej. Flex Deck).

**RUS** С помощью дисков для выравнивания неровностей пола следует отрегулировать стол по горизонтали. За счёт этого обеспечивается оптимальная устойчивость стола, особенно если установлены навесные элементы (напр., Flex Deck).

**CHN** 通过调整板将桌面调平，从而可确保最佳的稳定性，尤其在加装其它配件情况下(比如灵活墙架)。
